### PROPER STYLE WHEN ADDRESSING SOLDIERS IN CAMP AT FT. SILL

WHEN sending mail to members of Oklahoma's guard in camp at Fort Sill, danger of error and any other trouble may be avoided if the following form of address be used:

John Smith,  
Private, Co. M, First Reg.,  
O. N. G.,  
Mobilization Camp,  
FORT SILL, Okla.

Write the name first, then the military rank, the company, troop or corps, the regiment, the camp and the postoffice, and there will be no trouble whatever. Besides, such correct form will be of great assistance to the postoffice department in handling mail.

### DECISION REACHED TO DEFY AMERICANS; CERTAIN BREAK SEEN

One Faction of De Facto Cabinet Even Urges Demand for Immediate Withdrawal of Pershing's Force—No Moment Lost in Preparation for Hostilities Along Border—Washington Welcomes Delay.

WASHINGTON, June 30.—Private advices reaching Washington from a reliable source in Mexico City today said General Carranza and his advisers had determined to stand by orders to General Trevino to attack American troops in Mexico moving in any direction except toward the border, and that no way was seen to avoid a break with the United States.

A faction of the Mexican cabinet, it is said, is urging an even more defiant attitude and wants to include in the reply to the American request for a statement of intentions, a new demand for immediate withdrawal of all United States troops now on Mexican soil.

### WHAT OF TOMORROW?

THOMAS EDISON stood watching his great laboratories burn. A young reporter said, "Mr. Edison, what do you think of this great catastrophe?" The famous scientist turned, fixed his steady gaze on the young man and said, "Young man, I am not thinking of that now. I am thinking of what I am going to do tomorrow."

A sermon in a sentence! The mind of the achiever is always a tomorrow mind.

Oklahoma City's tomorrow-minded achievers for a greater municipality have set a world's record in establishing the peer of commercial organizations. They will not stand around now wasting any time congratulating themselves but united, shoulder to shoulder, will work for a more glorious tomorrow.

Solomon said, "Where there is no vision the people perish."

### Civic Trophy Is Raised at Final Dinner

Cheering Greet Pennant,  
Symbol of Victory in Campaign Record.

Accompanied by wild cheering, a huge pennant, similar to those awarded champion baseball teams, was raised on a flagstaff in the banquet room of the Lee-Huckins hotel this noon by leaders of the Chamber of Commerce expansion campaign.

"The banner is symbolic of Oklahoma City's championship of the world in matters municipal, a trophy of the city's civic record. The outburst of civic patriotism displayed with the appearance of the banner was one of the inspiring occurrences of the campaign."

### Another Big Feature.

Another feature of today's dinner was the taking of the "Oath of Athens" by every team worker, captain and well-wisher present. Dan A. Reed, vice-president of the American City Bureau, administered it. Every man in the room arose to his feet and agreed to stand by and work for his city, with these words:

### Membership Agreement.

"We will never bring disgrace to this, our city, by any act of dishonesty or cowardice. We will fight for the ideals and the sacred things of our city, both alone and with many. We will love and obey the city's laws and we will do our best to incite a like reverence and respect in those above us who are prone to annul them or set them at naught. We will strive increasingly to quicken the public's sense of civic duty. Thus in all these things we will transmit this city, not only less, but greater, better and more beautiful than was transmitted to us."

### OKLAHOMA MARINE IN SANTO DOMINGO

Fred Baxter, brother of Mrs. Edward Tucker of this city, is with the expeditionary force of United States marines recently rushed to Santo Domingo for the protection of the American legation there during the current revolt against President Jimenes.

Young Baxter enlisted in the United States marine corps at Denver, Col., recruiting station October 28, 1912.

DOSE OF THESE NEW BATHING SUITS AREN'T BIG ENOUGH TO FLAG A HANDMAN

"Zimmie"

Mayor Overholser this morning received from Captain Mark W. Tobin, at the Fort Sill mobilization camp of the Oklahoma National guard, this telegram:

Colonel Hoffman appeals to your personal and civic pride to help recruit Company M to war strength. Forty men are required at once.

"Oklahoma City should" respond promptly to this appeal," said the mayor. "There should be little trouble in recruiting the forty men necessary to complete the war strength roster of Company M, and with other companies promptly recruited the Oklahoma regiment soon will be able to leave for the front. That is what the enlisted men want. Few of them but dislike the monotony of the mobilization camp."

### Mayor Makes Appeal.

"In the interest of the reputation and patriotism of Oklahoma City we want these forty men promptly brought forward. They should be between the ages of 18 and 45 years and should be men without families or dependents. They should come to this office or go direct to the office of the adjutant-general in the Lawrence building."

Adjutant General Canton, who returned last evening from a trip to Fort Sill, reports the mobilization of the Oklahoma National guard complete. There now are 1,625 men and officers in camp and the recruiting work still is in progress, as the regiment has not yet been recruited to war strength, 141 men to each company.

### To Recruit Young Men.

The adjutant-general this morning received a telegram from the militia department of the war office authorizing enlistment of men between the ages of 18 and 21 without consent of parents. This is provided for under the new national defense law.

"This boy of mine is not yet 18, but has offered me an automobile and a cow if I will give written consent for his enlistment, and I am going to let him join the guard," was the comment of Eugene A. Barnes, as he took his place in front of the recruiting officer at militia headquarters this morning. "Both my boys now are in the guard."

### Roll of Honor.

Oscar J. Payne, Deese, Walter H. Murray, Bennington, Ernest J. Boyer, Paulview, Newton O. Baird, Oklahoma City, Frank H. West, Englewood, Kan.; Rufus T. Renner, Bennington, William H. Malpass, Oklahoma City; Eugene A. Barnes Jr., Oklahoma City; Allen B. Cole, Durant.

Allen Cole is an Indian. He formerly was a sergeant in Company H of Durant, but was honorably discharged in 1914 at expiration of his enlistment.

### Cost of Camp.

Figures in the hands of the adjutant-general showing the cost of the rendezvous of the various companies prior to mobilization at Fort Sill are:

Company B, Chandler, June 19 to 25, \$284.75; Company E, Pawnee, June 21 to 26, \$177.75; Company I, Stillwater, June 19 to 25, \$197; Troop A, Okemah, June 20 to 23, \$185.50; Troop B, Oklahoma City, June 19 to 25, \$341.25; Regular Infantry, Dustin, June 20 to 25, \$105.75; Company G, Wewoka, June 19 to 21, \$118.75; Company H, Durant, June 20 to 27, \$197.75; Company F, Muskogee, June 20 to 25, \$248.25; Company K, Enid, June 20 to 25, \$292.50; Company M, Oklahoma City, June 20 to 25, \$363; Engineers, Norman, June 20 to 28, \$175.25.

This does not include railroad transportation expense.

NEW YORK, June 30.—Hans Tauscher, former German army officer, was acquitted today by a jury of conspiracy to blow up the Welland canal.

### Hubatka to Resign; Run For Sheriff

Law Officer Twenty-Six Years,  
Captain of Police Enters  
Political Game.

John Hubatka, captain of police for the past year and an officer of the law in Oklahoma county for the past twenty-six years, filed his name with the county election board today as a republican candidate for sheriff. Captain Hubatka said he had prepared his resignation as police captain to become effective July 15. Hubatka's vacation of fifteen days, to which he is entitled under the charter, will begin tomorrow and continue until July 15.

Hubatka began his career as a policeman in Oklahoma county in 1899. Charles E. Colcord, now one of the most prominent citizens in the state, was chief of police at that time. Hubatka served as deputy United States marshal, jailer, deputy sheriff, chief of police, police captain. He was appointed police captain by Mayor Overholser shortly after the latter became mayor.

Loyal J. Miller, municipal judge under Mayor Overholser until June 1, filed today as republican candidate for county judge. Ezra Offutt filed for county assessor. Offutt is a democrat.

Mayor Overholser said this morning upon advice of Captain Hubatka's retirement to run for sheriff, that he probably would advance William Clayton to the vacant cantany.

### CANTEEN FUND

Previously reported \$59.75  
Burford, Robertson & Hoffman 50.00  
Total \$109.75

Burford, Robertson & Hoffman, lawyers in the State bank building, yesterday contributed \$50 to The Times' Canteen Fund for Oklahoma City's guardmen now in camp at Ft. Sill. In making the contribution, Judge John H. Burford sent the following letter containing a stinging rebuke of the public for its neglect:

It is a disgrace and a burning shame that you continue from day to day to publish our lack of patriotism and apparent lack of appreciation of the sacrifice our boys are making in leaving their places and homes and taking upon themselves the burdens and inconveniences of a soldier's life to protect our national honor and preserve our homes, property and personal safety.

Ten days continuous pumping and ponding and the insignificant sum of \$59.75 has been contributed!

Shame Emphasized.

This morning The Oklahomaian further emphasizes our shame by stating that Companies M and Troop B cavalry, "our boys," have been compelled to raise a small fund for camp use by personal assessment. How long will we "watch the daily rise of Civic Pride," take our noonday luncheon in the "elegant banquet room" at the Lee-Huckins house, of our activities and achievements, and allow the "Canteen Fund" to die, and the boys in camp to be humiliated by our neglect?

### Patriotic Action.

The first of Burford, Robertson & Hoffman, besides contributing its most active member to the service, has agreed that Colonel Hoffman shall retain his interest and he paid his full portion of the earnings of the firm business so long as he remains in the military service.

We gave our offices and furnished telephone and clerical services for more than a week for regimental headquarters, and we now herewith enclose our check for the sum of \$50.00 as a donation to the canteen fund for the Oklahoma City troops, and respectfully request that you remove that standing advertisement of our humiliation entitled "Canteen Fund."

### AMERICANS KILL MEXICAN, REPORT SENT TO BELL

Gonzales Asserts U. S. Soldier  
Fired Shots Over  
Boundary.

EL PASO, Texas, June 30.—A Mexican line rider belonging to the Carranza customs service was shot and killed Thursday night by a squad of American soldiers, who fired across the Rio Grande into Mexican territory near Ysleta, twelve miles east of El Paso, according to a report received by General Gonzales in Juarez today.

### Fire Without Warning.

Mexican officials said the guard Juan Moreno, was riding with another customs guard along the Mexican side of the river in the performance of his duty when the Americans opened fire without warning. The story, as told by the survivors, placed the number of Americans at eight.

### Bell Orders Investigation.

Considerable indignation was expressed in Juarez over the affair and officials sent a complaint to General Bell who said he would detail officers to make investigation. Pending receipt of their report he would not discuss the incident.

Captain George Vidmer, in command of the American patrol at Ysleta, said he had heard nothing about any shooting and did not believe his soldiers fired across the border.

### SEISMOGRAPH RECORDS SHOCK.

WASHINGTON, June 30.—An earthquake of moderate intensity was shown on Georgetown university seismograph at 10:08 and continued until 11:24 o'clock. The disturbance is estimated to have been approximately 3,800 miles from Washington.

### Day In Mexico

Mexican government determines to attack American troops if they move anywhere except toward border.

Several Carranza advisers urge demand be made for immediate withdrawal of American troops.

Mexicans report American soldiers fire over border, killing Carranza line rider.

Officials welcome few days' delay because of opportunity to continue war preparations.

Army speeds gathering of troops for possible hostilities.

Movements of troop trains guarded to prevent destruction by wreckers.

### Silent as to Arrival.

The advices did not indicate when the response from Carranza might be expected. The last word on the subject to the state department came in a message from Special Agent Rodgers, who said he expected the note to be handed to him Wednesday night.

### Not a Moment Being Lost.

American officials welcome the few days' additional delay in the arrival of the note, because it grants further time for preparations for possible war.

Not a moment is being lost in the concentration of a stronger force, should actual hostilities come. Supplies are being gathered, transport facilities mobilized and aerial service strengthened.

### See Advantage in Delay.

Army officers believe the advantage of the delay to the American greatly overbalances similar benefits to the Mexicans.

### Await Carranza's Reply.

When President Wilson's cabinet today just before leaving for New York to deliver an address, the unfavorable private reports had not reached him and there were practically no new developments in the Mexican crisis to be considered. Military preparations are being rushed to completion, however, but domestic affairs, there is nothing to be done until Carranza's reply is received or it becomes apparent that he will not respond within a reasonable time.

### Growing Impatient.

Elises Arredondo, the Mexican ambassador-designate, called on Mr. Lansing early in the day. Mr. Lansing took occasion to make it plain that the Washington government expected an early reply to its note forwarded to Mexico City last Sunday. The ambassador was impressed with the fact that the state department was growing impatient at the delay.

All members of the cabinet agreed after the meeting that both the situation and the policy of the United States were unchanged as a result of recent developments.

### Pacifists Discouraged.

The release of the captured troopers has delayed military action, but has not relieved the critical diplomatic situation now existing. Several reports from Special Agent Rodgers referring to routine matters did not mention the Mexican note. He has had no light to shed on the probable course General Carranza would take.

It is known, however, that interests in the Mexican capital which have been exerting every effort to prevent a break, are much discouraged.

### U. S. Not to Waver.

Should the Mexican reply follow the line indicated and be in defiance of the United States, however, its meaning might be wrapped about with diplomatic language, there is no indication that the administration would waver in its determination to continue the protection of the line of communication.

### Satisfied With Progress.

War department officials appeared to be satisfied with the progress of the national guard mobilization on the border.

In this connection it was learned today that the war department legal experts construe the resolution adopted by congress as granting authorities to draft every enrolled member of the
